

Labstat International Inc. is an independent, privately owned, analytical laboratory with over 40 years of leading experience in testing all types of nicotine containing products including e-cigarette liquids, and vapours, heat-not-burn substrates and emissions, as well as smokeless and combustible tobacco products and emissions for regulatory reporting and labelling for worldwide interests.

As a recognized global "Centre of Excellence" our team of Scientists and Technicians perform testing for clients around the world in analytical chemistry, toxicology, biomarkers as well as extensive research and method development.

As a result of our continuing expansion, Labstat has the following employment opportunity available:

Laboratory Technician - Sample Preparation **Posting # 2019-04**

Technicians are required to prepare solutions and ice baths, use impingers and other glassware. The successful candidate will be familiar with a variety of laboratory equipment and techniques. You will be responsible to ensure that all applicable equipment is verified/calibrated prior to use; prepare samples in compliance with the published SOP's and test methods. Technicians must possess a minimum degree or diploma in chemistry or related field and have intermediate knowledge of Microsoft Office (Word and Excel). Must be able to rotate shifts (days and afternoons).

You are the ideal candidate for the above position if you have a demonstrated commitment and enthusiasm for working in a team-based environment. You have excellent communication skills, high energy, and a willingness to learn and achieve results.

Labstat offers competitive wages, benefits, vacation schedule, training programs and social events.

Labstat values a diverse workforce.

Labstat values Equal Opportunity and embraces diversity. Begin a dynamic and rewarding career by becoming a member of Labstat's team of professionals!

Labstat is committed to meeting the accessibility requirements under the AODA and we invite applicants to contact us for specific requirements.
